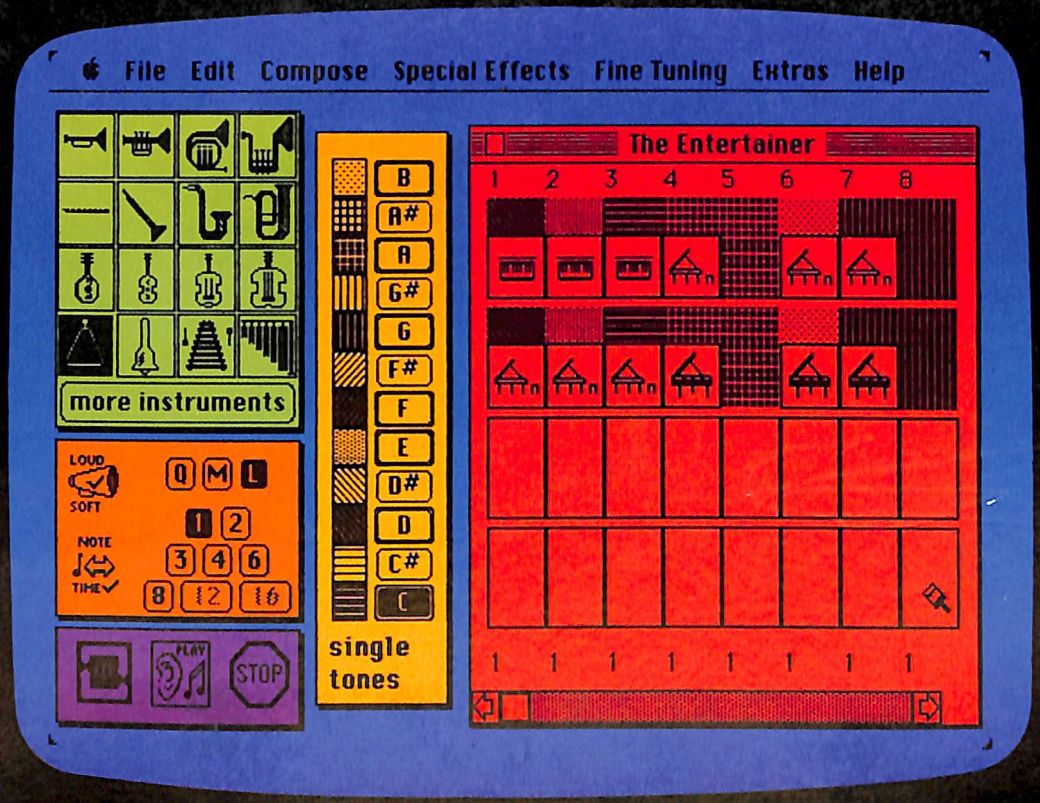
TURN YOUR MACINTOSH INTO A 4-VOICE, POLYPHONIC SYNTHESIZER WITH SONGPAINTER.™



VOICE WINDOW

You can select any instrument from the SongPainter orchestra just by a click of the mouse. Choose from brass, woodwinds, strings, bells, pianos, organs and more.

TONE WINDOW

Here you choose the notes and chords for your compositions. "Click" around the choices until you find the one that fits your song.

CONTROL WINDOW

This window allows you and SongPainter to control how long each note lasts.

SONG WINDOW

Now paint all the notes you have created for your own software symphony! Listen! SongPainter is playing your song! And the paint possibilities are endless.

PLAYBACK WINDOW

With this feature, you're able to pick and choose from your own Song repetoire or you can listen to any of the 37 selections already in SONGPAINTER.
